The aim of the conference is to reflect on the use of new technologies in comparison to standard health care in the context of justice. The conference is organized within the “ Justice in Healthcare” project.

The subjects of the presentations may include the following: efficiency, safety and costs of new medical technologies; the basis for differentiating between medical benefits financed from the public funds; priority as the criteria in obtaining access to new technologies, equal treatment of diversified patients and discrimination of patients; commercialization in medicine and the quality and accessibility of healthcare, “Patients beyond borders”- Cross-border Healthcare and the equality of access and quality of care; the category of justice in market and egalitarian model of healthcare; fair rules for financing of the healthcare system; responsible financial management in healthcare; the role of local governments, non-governmental organizations, churches and religious associations in the creation of fair healthcare systems; the principle of justice and scientific studies in biomedicine. The topics of the presentations may also include other issues related to applying new technologies and creating an equitable healthcare systems both at the individual (ethical dilemmas “at the patient’s bedside”) as well as at the system level.

The conference is aimed at the representatives of medical, philosophical, legal, economic and social sciences. A poster session and doctoral and students’ session is planned

Publication of articles

The organizers of the Conference plan to publish the submitted and accepted full-text articles in an online Philosophical Journal *Diametros* or a journal *Medycyna Ogólna i Nauki o Zdrowiu* [General medicine and Health Sciences] (depending on the character of the article) and/or in a reviewed scientific monograph. The deadline for submitting full articles is September 30, 2014.

Deadlines for submitting registration forms

In case of active participation, please send the registration form together with the summary (max. 300 words) by March 31, 2014.

In case of passive participation, please send the registration form by April 30, 2014.

In either case, please send the forms to: sprawmedyczna@gmail.com

Cost of participation: the conference is free of charge
